

**AssessCloud**  
Formative & Benchmarks Assessments

COMPLETE PERFORMANCE MANAGEMENT SOLUTION

**AssessCloud™** is a flexible, assessment management system that makes formative and benchmark assessments easy for everyone.

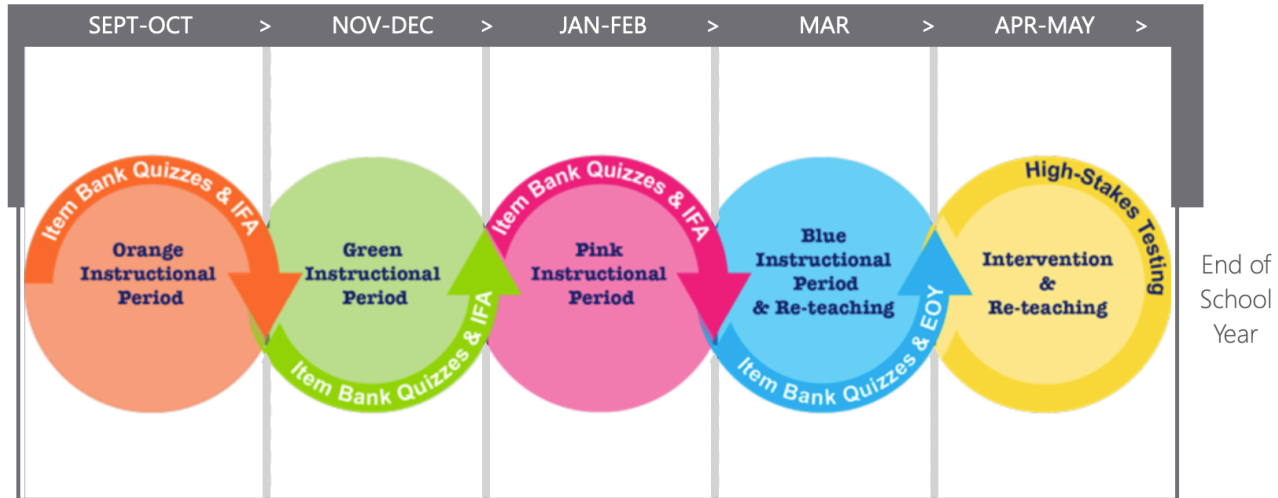

An assessment solution isn't just an item bank, an online assessment player and a set of standalone reports. A 21st Century assessment solution needs to integrate with other student academic data, summative and formative assessment data and standards - aligned digital content for promoting active learning and providing a holistic view of the student.

FocalPoint's AssessCloud provides the complete picture, integrating all aspects of student's performance and providing access to aligned digital content. Further, AssessCloud integrates 3rd-party vendor data, such as NWEA, STAR, i-Ready and more.

- ▶ Easy to use - phenomenally simple interfaces and world class implementation,
- ▶ 28 tech-enhanced questions
- ▶ Best of breed content - preloaded with 280,000+ state aligned standard items from industry leader Item Banks partners
- ▶ Comprehensive testing & reporting - powerful capabilities with consolidated student data providing a holistic view
- ▶ Deep analysis - Item-level & state standards analytics identify areas of opportunity
